look great. We have style. We make them
in all sorts of colours, shapes, and finishes.
We're pretty flexible. Then you see the look
of Loov! They're yours. For life. To Loov.
the sun out, Loov. the breeze in, Loov. the
neighbours out, Loov. the heat in. Loov.
Just premium quality plantation shutters.
Made simple. Made for Australian homes.
Made for life. Made to Loov.**

Warm and inviting.
Come home to
Loov. timber.

Why you'll Loov. timber

It's for life. Timber is super strong and light. This means it's not only sturdier, it's also easier to fold and slide and open and close.

It feels good. There's something about the feel of timber in your home. It's warm, inviting, premium. Being a natural product, timber also makes you feel warm in winter and cool in summer.

It's adaptable. Timber is a more versatile product, so you can have your timber shutters custom made in the shape, size or colour that's right for your home.

It's got the look. If you're the traditional type you'll prefer the romance of having timber in your home, nothing else comes close.

About Loov. timber

Specifically for use indoors.

The highest quality paint in the business, available in 28 different colours. Water-based, odour-free, UV resistant, non-toxic, and environmentally friendly.

Loov. timber shutters are made with 100% premium Basswood.

Our warranty means your paint is covered for 5 years, your stain is covered for 3 years, and the structure of your shutters is covered for 15 years.
